

SAYS CASTRO SHOULD BE EXCLUDED

Decision of Special Board of Inquiry Announced—Found That He Committed Perjury and Pretended Ignorance of Matters of Which He Had Knowledge—Appeal to be Taken to Secretary Nagel by Venezuelan Ex-President

New York, Jan. 15.—The special board of inquiry at Ellis Island today decided that Cipriano Castro, former president of Venezuela, should be excluded from entering the United States. Castro's attorneys immediately announced that the decision of the local immigration authorities would be appealed to the department of commerce and labor.

Accused of Perjury.

The reason given by the board for Castro's exclusion was that during his examination he had frequently committed perjury and pretended ignorance of matters concerning which he had knowledge.

May Again Go to Courts.

Harold A. Content, Castro's lawyer, said that if Secretary Nagel upheld the

board he would again take the case into the courts.

Damaging Facts Concealed.

Citing specific parts of Castro's examination, the statement of the board says:

"Speaking of Louis Varela, who sent him frequent telegrams in regard to the capture of an agent of General Antonio Paredes, he says, 'I do not know who he is.' We consider him an unreliable witness. His testimony to the effect that no foreigners suffered losses of property through his actions during the years when he was president we decline to believe. His refusal to reply to many questions put to him bearing upon his right to land convince us that there are damaging facts which he desired to conceal."

Would Not Discuss His Guilt.

The statement continues with the declaration "That upon information from official sources he was charged with responsibility for the unlawful killing of Paredes, but declined to offer any information or to give the government any information in regard to the latter's death. He refused to either affirm or deny his guilt, even after he had been warned that unfavorable inferences would be drawn from such refusal and that he must take the consequences."

Tantamount to an Admission.

"Such refusal," the statement says, "together with his manner and demeanor when asked concerning these matters, constitute in our opinion an admission of the truth of the charges. He is therefore excluded on the ground that he has admitted the commission of a crime and felony involving moral turpitude."

After the hearing General Castro was led back to his room, walking with a Spanish interpreter, with whom he talked excitedly, waving his gold-headed cane to emphasize his remarks.

INDICTED FOR MURDER.

Castro Declined to Reply to Question Regarding It.

Washington, Jan. 15.—The order of the immigration authorities at New York for the deportation of Cipriano Castro, according to the understanding of officials of the department of commerce and labor, grows out of the former Venezuelan president's refusal to answer certain questions propounded by the special board of inquiry.

The board's decision has not yet been officially communicated to Secretary Nagel, but he is in possession of the record of testimony in the Castro case which shows, it is said, that Castro declined to reply to questions concerning the charges that he was connected with the assassination of General Paredes in Venezuela, for which he is under indictment, though he has never been tried.

The board wanted this information because the law bars from entry to the United States any person convicted of, or admitting a crime involving moral turpitude. Officials hold that while an immigration hearing is quasi-judicial in character, the ordinary rules of privilege recognized in a court of law do not obtain.

Recess in Mining Fraud Trial.

New York, Jan. 15.—A recess in the trial of A. L. Wisner and John J. Meyers in the federal court on charges of fraudulent use of the mails in promoting mining stock enterprises was taken today until tomorrow so that attorneys for government and defense might agree on certain points in the evidence with a view of shortening the trial.

AMERICAN LIVES

AGAIN IN DANGER.

Government Despatches Cruiser to the Coast of Mexico.

Washington, Jan. 15.—The shifting character of Mexican rebel activities again was demonstrated today when it became necessary to dispatch the cruiser Denver from San Diego, Cal., to Acapulco, on the southern Pacific coast of the republic, where American lives are in momentary danger because of a threatened rebel attack on that city.

Following representations of the Madero government that the revolution soon would be put down, came reassuring reports from the Mexican states along the American frontier, but hope of early pacification of the republic gave way as it became apparent that the federal forces were inadequate to cope with the rebels in the central and southern districts, who have carried on their operations even in the very face of the seat of government.

Alarmed by reports from Consul Edwards, state department officials today realized that strong measures were necessary and so called upon the navy to despatch a warship to Acapulco.

SUES FOR \$1,000,000 FOR THE LOSS OF HER HUSBAND.

Mrs. Henry B. Harris Makes Heaviest Claim in Titanic Suits.

New York, Jan. 15.—A flood of petitions for damages through the loss of the steamer Titanic filed today included one from Mrs. Irene Wallace Harris, who claims \$1,000,000 for the loss of her husband, Henry B. Harris, the theatrical manager. This is the heaviest of the 279 claims so far filed.

Mrs. May Furelle of Scituate, Mass., asks \$300,000 compensation for the loss of her husband, Jacques Furelle, author. The claim of Mrs. Lily B. Millet, widow of Francis D. Millet, a Titanic victim, is \$100,000.

United States Judge Hand extended the time for filing petitions on claims to February 1. The claims amount to more than \$10,000,000, but the White Star line contends that its liability is limited under the United States statutes to less than \$100,000, the value of recovered records and passage money.

WEAKNESS OF THE PROHIBITION PARTY

"Man Has to Be a Saint Before He Can Vote Its Ticket."

Indianapolis, Ind., Jan. 15.—Declaring that the "goody-goody attitude" hurt the party's cause, George C. Pennell, of Pennsylvania, in addressing the prohibition national conference here today, urged that "we be just like other people" and that "one man's vote may go for good or evil."

"We have conducted our campaigns," Mr. Pennell declared, "so that a man had to be a saint before he could vote prohibition ticket. I am sick and tired of having prohibitionists tell each other how good they are."

Several of the delegates would join with any other party that would adopt a prohibition plank, but the movement was opposed today by Mrs. Frances Beauchamp.

OBITUARY.

W. H. Ambrose, Associate of John Brown.

Greeley, Kas., Jan. 15.—W. H. Ambrose, who was associated with John Brown in conducting the "underground railway" for liberating of slaves, died here today, aged 80.

The boy's mother dreamed he was in Oklahoma and sent her husband to make a search. Young Rader left for Kentucky with his father's body.

GLOOM AT BOOT AND SHOE CONVENTION

Manufacturers Believe That Disaster Threatens Them.

New York, Jan. 15.—Dark days are ahead for the boot and shoe industry in the United States in the opinion of members of the National Boot and Shoe Manufacturers' association, in annual convention here. The proposed reduction of the tariff and the agitation for "pure shoe laws" the manufacturers say, are responsible for the outlook.

"There can be only one result from lowering the tariff on shoes," declared John E. Hannan, president of the association, in an address sent here from London. "It would mean such a reduction of wages as must produce industrial conflict if not stagnation in the trade. Under the present tariff rates, the foreign shoe is gradually but surely invading our market and it will not be long when it will do so under circumstances of great disadvantage to the American manufacturer."

A committee appointed to look into the agitation for a "pure shoe law" reported that the present high cost of manufacturing shoes will certainly be higher if the federal bill calling for all leather footwear is passed. Manufacturers who accept a process by means of which other material than leather can be used in shoes, the committee reported, ought to be rewarded by the government and not be penalized.

Edgar P. Reed of Rochester, first vice president, said he had not made up his mind whether the parcels post was a "movement working to the benefit of the average citizen or special legislation to make the government serve as distributor of merchandise for mail order houses." Mr. Reed thought the parcels post would tend to operate against the small retailer.

KILLED GIRL BECAUSE OF REFUSAL TO MARRY.

New Haven Negro Then Ends Own Life With a Bullet.

New Haven, Conn., Jan. 15.—Insanely jealous because Sadie Jones, aged 19, had refused to marry him and was receiving attentions from another, Arthur Secor, aged 25, second lieutenant of the First Separate company, C. N. G., this afternoon shot and instantly killed her at her mother's home, No. 89 Dixwell avenue, and then turned a revolver upon himself, dying at once. Both were colored.

According to Coroner Mix, who has been investigating the murder, Secor early in the morning told a friend that "if I can't have Sadie, no one else will." He then secured his 38 calibre army revolver and telephoned to Mrs. Jones that he was coming to call on her daughter. Secor arrived at the house just as the girl was about to leave. Angry words soon started, in which the girl again refused to marry him.

Accordingly, Secor produced the revolver and fired the first shot striking her in the temple and probably killing her instantly. He fired again, the bullet going through the breast, and then shot her through the jugular vein. Before anyone could interfere, he pointed the revolver at his own temple and fired, dropping to the floor dead.

Secor lived at 47 English street, Fair Haven, and was an engineer by trade.

LIFE OF COMMERCE COURT IS EXTENDED.

Senate Votes to Prolong Its Existence Until June 30.

Washington, Jan. 15.—By a vote of 8 to 20, the senate today adopted an amendment to the legislative, executive and judicial appropriation bill lengthening the life of the commerce court until June 30 next. Under existing law the court would become a thing of the past after March 4, but congress, having failed to transfer the jurisdiction of the court and make arrangements for the disposition of cases then pending before it, the senate today extended the life of the court to enable it to clear up its calendar. The bill will have to be agreed to by conference committee of the two houses.

With machine-like precision the legislative bill, carrying approximately \$5,585,714, went through the parliamentary procedure of the senate and probably will be passed early tomorrow.
